Re: Proposed Ordinance Amendment – Chapter 112: Tobacco Regulations

### **Council Action Requested.**

Hold a public hearing and conduct a second reading on the proposed ordinance amendment modifying Chapter 112 of the City Code incorporating Tobacco 21 provisions. The City Council is also asked to approve a resolution authorizing summary publication of this ordinance amendment (requires 6 votes to approve) to approve the Ordinance Amendment. The City has provided notice of the public hearing to all tobacco licensees as required by Minnesota Statute §461.19 and we are not aware of any comments from licensees.

### **Background Information.**

The Public Safety Committee of the Council at its most recent meeting on January 10, 2020 unanimously voted to recommend to the City Council adoption of amendments to City Code Chapter 112 containing tobacco regulations. The proposed ordinance amendment is attached.

The City Council initiated discussions regarding adoption of Tobacco 21 (T21) regulations in 2018 and since that time, the concept has been discussed by the City Council, the Public Safety Advisory Commission, and the Public Safety Committee of the City Council with information and guidance obtained through the Public Health Law Center at Mitchell Hamline School of Law (PHLC) and other cities who have adopted similar regulations. The current attached ordinance amendment was prepared primarily by the PHLC using their model T21 ordinance but with the language tailored based on input that was provided by the Public Safety Committee of the Council and City Staff.

The proposed ordinance amendment generally updates various sections to be consistent with current state law and best practices definitions and procedures. It defines “Licensed Products” as collectively any tobacco, tobacco-related device, electronic delivery device, or nicotine or lobelia delivery product and prohibits the sale of any licensed product to anyone under age 21. Based on best practices recommended by the PHLC and other sources, this draft removes provisions in the current ordinance that make it unlawful for any individual under age 18 from possessing or using licensed products. However, Minnesota Statute §609.685 (attached) provides that whoever sells or provides tobacco, tobacco-related devices, or electronic delivery devices to a person under the age of 18 is guilty of a misdemeanor for the first violation and a gross misdemeanor for a subsequent violation within 5 years of a previous conviction. That statute also provides that whoever possesses or uses any one of these items while under the age of 18 is guilty of a petty misdemeanor.

The ordinance amendment provides that any violation can result in a civil penalty, license suspension or revocation of the license. Procedurally, the City has imposed civil penalties as required by Minnesota Statute §461.12 (attached) for first and subsequent violations within any 24-month period. Because the draft prepared by the PHLC and presented to the Public Safety Committee of the Council at its most recent meeting did not include specific reference to the administrative penalties under Minnesota Statute §461.12, I have added that reference at the end of Section 112.12 after the recent meeting. Any licensee alleged to have violated the ordinance is provided notice of the penalty or other sanction and an opportunity for a hearing before the City Council. The ordinance amendment would keep the provisions from the current tobacco ordinance requiring compliance checks be completed at least one time per year. The PHLC proposed increasing the compliance checks to two times per year and while the Police Department may attempt to complete more than one set of compliance checks per year, concern was expressed that requiring two compliance checks per year may place a burden on resources. I have also removed the provision that the City will provide the signage licensees are required to post under Section 112.06A(2).

**Federal Law Change.**

On December 20, 2019, the President signed legislation to amend the Federal Food, Drug, and Cosmetic Act, and raised the federal minimum age of sale of tobacco products from 18 to 21 years. As a result, it is now illegal under federal law for a retailer to sell any tobacco product, including cigarettes, cigars and e-cigarettes, to anyone under age 21. The FDA will be issuing their regulations in the upcoming months. Based on the federal regulations, City Administration will be issuing a letter to all tobacco licensees ensuring that they are aware of the new federal law prohibiting sales to persons under age 21, confirming that the federal law is currently in effect, and notifying them that enforcement action may result if they are found to be making sales to persons under age 21 after the federal law came into effect in December. Because the current tobacco ordinance defines a prohibited sale to include any sale prohibited by federal law, the City has a basis to enforce the federal age 21 sales requirement.

**Financial Impact.**

The proposed amendment may result in modest increases in civil penalties paid to the City for violations of the ordinance. The increase would stem from potentially more violations if sales to individuals between age 18 and 21 occurred more frequently than we see under the current ordinance. It is also possible the implementation of T21 may result in more hearings before the City Council upon alleged violations, or possibly some legal challenge to the regulation.

**461.12 MUNICIPAL LICENSE OF TOBACCO, TOBACCO-RELATED DEVICES, AND SIMILAR PRODUCTS.**

Subdivision 1. **Authorization.** A town board or the governing body of a home rule charter or statutory city may license and regulate the retail sale of tobacco, tobacco-related devices, and electronic delivery devices as defined in section 609.685, subdivision 1, and nicotine and lobelia delivery products as described in section 609.6855, and establish a license fee for sales to recover the estimated cost of enforcing this chapter. The county board shall license and regulate the sale of tobacco, tobacco-related devices, electronic delivery devices, and nicotine and lobelia products in unorganized territory of the county except on the State Fairgrounds and in a town or a home rule charter or statutory city if the town or city does not license and regulate retail sales of tobacco, tobacco-related devices, electronic delivery devices, and nicotine and lobelia delivery products. The State Agricultural Society shall license and regulate the sale of tobacco, tobacco-related devices, electronic delivery devices, and nicotine and lobelia delivery products on the State Fairgrounds. Retail establishments licensed by a town or city to sell tobacco, tobacco-related devices, electronic delivery devices, and nicotine and lobelia delivery products are not required to obtain a second license for the same location under the licensing ordinance of the county.

Subd. 2. **Administrative penalties; licensees.** If a licensee or employee of a licensee sells tobacco, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products to a person under the age of 18 years, or violates any other provision of this chapter, the licensee shall be charged an administrative penalty of \$75. An administrative penalty of \$200 must be imposed for a second violation at the same location within 24 months after the initial violation. For a third violation at the same location within 24 months after the initial violation, an administrative penalty of \$250 must be imposed, and the licensee's authority to sell tobacco, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products at that location must be suspended for not less than seven days. No suspension or penalty may take effect until the licensee has received notice, served personally or by mail, of the alleged violation and an opportunity for a hearing before a person authorized by the licensing authority to conduct the hearing. A decision that a violation has occurred must be in writing.

Subd. 3. **Administrative penalty; individuals.** An individual who sells tobacco, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products to a person under the age of 18 years must be charged an administrative penalty of \$50. No penalty may be imposed until the individual has received notice, served personally or by mail, of the alleged violation and an opportunity for a hearing before a person authorized by the licensing authority to conduct the hearing. A decision that a violation has occurred must be in writing.

Subd. 4. **Minors.** The licensing authority shall consult with interested educators, parents, children, and representatives of the court system to develop alternative penalties for minors who purchase, possess, and consume tobacco, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products. The licensing authority and the interested persons shall consider a variety of options, including, but not limited to, tobacco free education programs, notice to schools, parents, community service, and other court diversion programs.

Subd. 5. **Compliance checks.** A licensing authority shall conduct unannounced compliance checks at least once each calendar year at each location where tobacco, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products are sold to test compliance with sections 609.685 and 609.6855. Compliance checks must involve minors over the age of 15, but under the age of 18, who, with the prior written consent of a parent or guardian, attempt to purchase tobacco, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products under the direct supervision of a law enforcement officer or an employee of the licensing authority.

Subd. 6. **Defense.** It is an affirmative defense to the charge of selling tobacco, tobacco-related devices, electronic delivery devices, or nicotine or lobelia delivery products to a person under the age of 18 years in violation of subdivision 2 or 3 that the licensee or individual making the sale relied in good faith upon proof of age as described in section 340A.503, subdivision 6.

Subd. 7. **Judicial review.** Any person aggrieved by a decision under subdivision 2 or 3 may have the decision reviewed in the district court in the same manner and procedure as provided in section 462.361.

Subd. 8. **Notice to commissioner.** The licensing authority under this section shall, within 30 days of the issuance of a license, inform the commissioner of revenue of the licensee's name, address, trade name, and the effective and expiration dates of the license. The commissioner of revenue must also be informed of a license renewal, transfer, cancellation, suspension, or revocation during the license period.
