Memorandum of Understanding: Mental Health and Wellness Program

This Memorandum of Understanding (MOU) is entered into by and between the City of Hastings (“City”) and the Minnesota Teamsters Public and Law Enforcement Employees Union, Local #320 (“Union”), on behalf of the Fire Captains bargaining unit, for the purpose of establishing guidance for an employee mental health and wellness program. The City and Union shall collectively be referred to as “the Parties.”

WHEREAS, the Hastings Fire Department (“Fire Department”) recognizes that, during the course of performing their job duties, Fire Department employees may become involved in or exposed to incidents that have the potential to cause various forms of short-or long-term emotional and psychological trauma; and

WHEREAS, the Fire Department is committed to supporting the mental health and wellness of its employees by providing them with resources that will help ensure stability and longevity in the personal and professional lives of each employee; and

WHEREAS, the Fire Department desires to provide employees with cost-free mental health services from a qualified mental health professional that specializes in working with public safety employees; and

WHEREAS, the City and Union are parties to a 2022-2023 collective bargaining agreement (“CBA”) which does not contain any negotiated language over the establishment or participation of Fire Department employees in a mental health program; and

WHEREAS, the Parties agree that the establishment and implementation of a mandatory mental health program is the subject of bargaining; and

NOW, THEREFORE, BE IT RESOLVED, in consideration of the foregoing recitals, the Parties hereby agree as follows:

Purpose:

This policy establishes the Hastings Fire Department Mental Health Program. The purpose of this program is to ensure the mental health and well-being of employees. This policy defines the program that shall be provided by the Department to all employees, along with the roles and responsibilities of the employee and the Fire Department.

Policy:

The Hastings Fire Department hereby establishes a Mental Health Program. Along with the annually required physical exam, employees will participate in an annual mental health consultation to identify any potential conditions or problems that affect the employee’s health and wellness. All staff who engage in firefighting and emergency medical services will attend one mandatory session with a mental health provider each year. Failure to comply with this requirement can be cause for disciplinary action.

Procedure:

1. Participation in this program is mandatory for all full-time and paid on-call personnel who engage in firefighting, rescue and emergency medical services activities.

2. Employees will complete at least one (1) appointment with the Fire Department's approved mental health provider every year.
3. The Fire Department will allow employees the necessary time away from their scheduled work duties to attend the mandatory mental health appointment without loss of pay or deduction of leave.
4. In the event the mental health appointment must be scheduled when an employee is off duty, the employee will be compensated at the employee's overtime rate of pay for the appointment and travel time from the employee's home to and from the mandatory appointment.

Designated Provider:

The Fire Department will appoint one designated provider annually. An employee who is already under the care of another provider will have the ability to notify the designated provider that they are already receiving mental health counseling through another provider. The designated provider will then verify that the employee has met the requirement of attendance with Department administration, without disclosing any further information.

The designated provider, in special circumstances, may refer individuals to other providers who may offer specialized services.

Mental Health Program Committee:

A committee shall be established to implement and manage the Mental Health Program. The committee will consist of one representative from IAFF Local #5113, one representative of Teamsters Local #320, one paid-on-call representative, and one Chief. The committee will be responsible for the following:

- Providing input and assistance in the development and implementation of programs related to mental health.
- Making recommendations on the type and content of mental health awareness and related programs, services, or training.
- Distributing applicable mental health related information to employees.
- Evaluating the overall effectiveness of programs related to mental health.
- Evaluating and recommending approved mental health providers to Fire Department Administration.
- Participation in the committee shall not be considered negotiation by the bargaining unit.

Critical Incident Stress Debriefings

Employees are strongly encouraged to participate in Critical Incident Stress Debriefings when they occur. Employees are also strongly encouraged to request that a CISD session be arranged following critical incidents. Participation in a CISD does not meet the annual attendance requirement of the mental health program.

Confidentiality

The communication between the any mental health care provider and the employee is privileged and therefore the Department considers all mental health appointments, communication during the appointment, and any recommendations as confidential in accordance with all applicable State and Federal privacy laws. The mental health care provider

shall be prohibited from sharing any employee information other than confirming with the Department that an employee was or was not compliant with the program's directive of attending one appointment by the end of each year.

Follow Up Visits

If an employee or the care provider feels that services beyond the one (1) required appointment would be needed or beneficial for the employee, the care provider may create a referral at the employee's discretion. Additional resources are available to the employee through the City's Employee Assistance Program (EAP) as well as the employee's health insurance.

1. These additional appointments are not mandatory.
2. Up to five (5) additional appointments will be provided through the Fire Department.
3. As with any other medical appointment, employees will not be compensated for time spent at additional appointments. Employees are eligible to use sick leave to attend additional, non-mandatory appointments while on duty.
4. If the employee wishes to schedule follow up appointments with the care provider, the employee may schedule those appointments directly with the provider.
