**2<sup>nd</sup> Reading\Adopt Ordinance: Annexation – Best Development Property – Walden at Hastings (TH 316 & Michael Ave)**

The developer submitted the annexation application in anticipation of future City Council approvals to generally allow for the number and types of residential units within the conceptual plan. No official approvals pertaining to residential construction are included in this application. Council is requested to approve annexation with land use remaining agricultural. Future meetings would look at results of the traffic impact study, environmental assessment, land use changes, and plan approval. Attorney Land indicated that this is the final reading for both licensing and zoning proposed ordinance changes. Land provided a presentation of the proposed ordinance amendment regarding Licensing and Zoning

Regulations of Cannabis and Hemp Uses, Sales, and Operations. Land reviewed the proposed retail performance standards (time, place and manner). The same performance standards are in place for zoning and licensing ordinances. State law changes may impact the proposed ordinances which would require Council to revisit the ordinances. The proposed state legislation allows cities to adopt a moratorium that is effective until 1/1/25. Land recommends adoption with a late implementation for staff to prepare and communicate to current business owners.

Council discussion on the details of the proposed language, limits on number of retailers, and the intersection of state and local proposals. Council expressed appreciation for the presentation. Council discussion on removing bars (on-sale liquor) as a prohibited establishment. Further discussion about watching what happens locally and with the state, getting public safety input, and amending the ordinance at a later date. Council expressed support for the ordinance amendments as presented. Council discussion on extending moratorium options. Land indicated that an extension is not before Council and the moratorium will expire prior to the next meeting. Council discussion on implications of the proposed ordinances, recalling the work into the ordinances, and limitations our public safety departments may encounter. Council discussed the ability to limit the number of licenses and agriculture properties within the City that may fit the proposed zoning ordinance. Council asked for additional clarification on prohibitions for on-sale and off-sale products.
