

City Council Memorandum

To: Mayor Fasbender & City Councilmembers
From: Chris Eitemiller, Finance Manager
Date: February 20, 2024
Item: Set Sale Date and approve Issuance of Charter Bonds

Council Action Requested:

Approve the sale date as March 18, 2024 for \$10,295,000 General Obligation Charter Bonds as well as corresponding resolutions and Municipal Service Advisory Agreement with Northland Securities.

Background Information:

These bonds are for the financing of the 2024 street improvement project, Civic Arena improvements and a portion of the City Hall renovation project. These obligations will be sold by a competitive negotiated sale in accordance with Section 5.16 of the City Charter and Minnesota Statutes, Section 475. These bonds will be rated the week of February 26.

There are two resolutions that need to be approved. The first is to set the sale date and is approved every time the Council approves a bond issuance. The second is required because this year's bond sale is planned to be Charter Bonds, rather than General Obligation bonds.

One item of note is the total bond amount differs between the two resolutions. The resolution to set the sale date has a total of \$10,295,000 and is based on current information, such as interest rates. The Charter resolution includes a total of \$10,335,000 and is the maximum that could be issued should current information change before the bond sale. Per bond counsel, this is appropriate.

Financial Impact:

Bond and interest payments are factored into the City's debt structure.

ESTABLISHMENT OF ISSUE PRICE (HOLD-THE-OFFERING-PRICE RULE MAY APPLY – BIDS NOT CANCELLABLE)

The winning bidder shall assist the City in establishing the issue price of the Bonds and shall execute and deliver to the City at closing an "issue price" or similar certificate setting forth the reasonably expected initial offering price to the public or the sales price or prices of the Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit A, with such modifications as may be appropriate or necessary, in the reasonable judgment of the winning bidder, the City and Bond Counsel. All actions to be taken by the City under this Notice of Sale to establish the issue price of the Bonds may be taken on behalf of the City by the City's Municipal Advisor and any notice or report to be provided to the City may be provided to the City's Municipal Advisor.

The City intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Bonds) will apply to the initial sale of the Bonds (the "competitive sale requirements") because:

- (1) the City shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- (2) all bidders shall have an equal opportunity to bid;
- (3) the City may receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and
- (4) the City anticipates awarding the sale of the Bonds to the bidder who submits a firm offer to purchase the Bonds at the highest price (or lowest cost), as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Bonds, as specified in the bid.

In the event that the competitive sale requirements are not satisfied, the City shall promptly so advise the winning bidder. The City may then determine to treat the initial offering price to the public as of the award date of the Bonds as the issue price of each maturity by imposing on the winning bidder the Hold-the-Offering-Price Rule as described in the following paragraph (the "Hold-the-Offering-Price Rule"). Bids will **not** be subject to cancellation in the event that the City determines to apply the Hold-the-Offering-Price Rule to the Bonds. **Bidders should prepare their bids on the assumption that the Bonds will be subject to the Hold-the-Offering-Price Rule in order to establish the issue price of the Bonds.**

By submitting a bid, the winning bidder shall (i) confirm that the underwriters have offered or will offer the Bonds to the public on or before the date of award at the offering price or prices (the "Initial Offering Price"), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Bonds, that the underwriters will neither offer nor sell unsold Bonds of any maturity to which the Hold-the-Offering Price Rule shall apply to any person at a price that is higher than the Initial Offering Price to the public during the period starting on the award date for the Bonds and ending on the **earlier** of the following:

- (1) the close of the fifth (5th) business day after the award date; or

- (2) the date on which the underwriters have sold at least 10% of a maturity of the Bonds to the public at a price that is no higher than the Initial Offering Price to the public (the "10% Test"), at which time only that particular maturity will no longer be subject to the Hold-the-Offering-Price Rule.

The City acknowledges that, in making the representations set forth above, the winning bidder will rely on (i) the agreement of each underwriter to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule, if applicable to the Bonds, as set forth in an agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with the requirements for establishing issue price of the Bonds, including but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule, if applicable to the Bonds, as set forth in a selling group agreement and the related pricing wires, and (iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third-party distribution agreement that was employed in connection with the initial sale of the Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule, if applicable to the Bonds, as set forth in the third-party distribution agreement and the related pricing wires. The City further acknowledges that each underwriter shall be solely liable for its failure to comply with its agreement regarding the requirements for establishing issue price of the Bonds, including but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule, if applicable to the Bonds, and that no underwriter shall be liable for the failure of any other underwriter, or of any dealer who is a member of a selling group, or of any broker-dealer that is a party to a third-party distribution agreement to comply with its corresponding agreement to comply with the requirements for establishing issue price of the Bonds, including, but not limited to, its agreement to comply with the Hold-the-Offering-Price Rule if applicable to the Bonds.

By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each third-party distribution agreement (to which the bidder is a party) relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third-party distribution agreement, as applicable, (A) to comply with the Hold-the-Offering-Price Rule, if applicable if and for so long as directed by the winning bidder and as set forth in the related pricing wires, (B) to promptly notify the winning bidder of any sales of Bonds that to its knowledge, are made to a purchaser who is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below), and (C) to acknowledge that, unless otherwise advised by the underwriter, dealer or broker-dealer, the winning bidder shall assume that each order submitted by the underwriter, dealer or broker-dealer is a sale to the public, and (ii) any agreement among underwriters or selling group agreement relating to the initial sale of the Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter or dealer that is a party to a third-party distribution agreement to be employed in connection with the initial sale of the Bonds to the public to require each broker-dealer that is a party to such retail distribution agreement to comply with the Hold-the-Offering-Price Rule, if applicable, in each case if and for so long as directed by the winning bidder or the underwriter and as set forth in the related pricing wires.

Notes: Sales of any Bonds to any person that is a related party to an underwriter participating in the initial sale of the Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this Notice of Sale:

- (1) "public" means any person other than an underwriter or a related party,
 (2) "underwriter" means (A) any person that agrees pursuant to a written contract with the City (or

with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Bonds to the public (including a member of a selling group or a party to a third-party distribution agreement participating in the initial sale of the Bonds to the public).

- (3) a purchaser of any of the Bonds is a "related party" to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (A) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation or another), (B) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership or another), or (C) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and*
- (4) "sale date" means the date that the Bonds are awarded by the City to the winning bidder.*

ADJUSTMENTS TO PRINCIPAL AMOUNT AFTER PROPOSALS

The City reserves the right to increase or decrease the principal amount of the Bonds. Any such increase or decrease will be made in multiples of \$5,000 and may be made in any maturity. If any maturity is adjusted, the purchase price will also be adjusted to maintain the same gross spread. Such adjustments shall be made promptly after the sale and prior to the award of Proposals by the City and shall be at the sole discretion of the City. The successful bidder may not withdraw or modify its Proposal once submitted to the City for any reason, including post-sale adjustment. Any adjustment shall be conclusive and shall be binding upon the successful bidder.

OPTIONAL REDEMPTION

Bonds maturing on February 1, 2033 through 2035 are subject to redemption and prepayment at the option of the City on February 1, 2032 and any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the maturities and principal amounts within each maturity to be redeemed shall be determined by the City and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar.

CUSIP NUMBERS

If the Bonds qualify for assignment of CUSIP numbers such numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the successful bidder thereof to accept delivery of and pay for the Bonds in accordance with terms of the purchase contract. The CUSIP Service Bureau charge for the assignment of CUSIP identification numbers shall be paid by the successful bidder.

DELIVERY

Delivery of the Bonds will be within thirty days after award, subject to an approving legal opinion by Taft Stettinius & Hollister LLP, Bond Counsel. The legal opinion will be paid by the City and delivery will be anywhere in the continental United States without cost to the successful bidder at DTC.

TYPE OF PROPOSAL

Proposals of not less than \$10,212,640 (99.20%) and accrued interest on the principal sum of \$10,295,000 must be filed with the undersigned prior to the time of sale. Proposals must be unconditional except as to legality. Proposals for the Bonds should be delivered to Northland Securities, Inc. and addressed to:

Chris Eitemiller, Finance Manager
Hastings City Hall
101 4th Street East
Hastings, Minnesota 55033

A good faith deposit (the "Deposit") in the amount of \$205,900 in the form of a federal wire transfer (payable to the order of the City) is only required from the apparent winning bidder, and must be received within two hours after the time stated for the receipt of Proposals. The apparent winning bidder will receive notification of the wire instructions from the Municipal Advisor promptly after the sale. If the Deposit is not received from the apparent winning bidder in the time allotted, the City may choose to reject their Proposal and then proceed to offer the Bonds to the next lowest bidder based on the terms of their original proposal, so long as said bidder wires funds for the Deposit amount within two hours of said offer.

The City will retain the Deposit of the successful bidder, the amount of which will be deducted at settlement and no interest will accrue to the successful bidder. In the event the successful bidder fails to comply with the accepted Proposal, said amount will be retained by the City. No Proposal can be withdrawn after the time set for receiving Proposals unless the meeting of the City scheduled for award of the Bonds is adjourned, recessed, or continued to another date without award of the Bonds having been made.

AWARD

The Bonds will be awarded on the basis of the lowest interest rate to be determined on a true interest cost (TIC) basis. The City's computation of the interest rate of each Proposal, in accordance with customary practice, will be controlling. In the event of a tie, the sale of the Bonds will be awarded by lot. The City will reserve the right to: (i) waive non-substantive informalities of any Proposal or of matters relating to the receipt of Proposals and award of the Bonds, (ii) reject all Proposals without cause, and (iii) reject any Proposal which the City determines to have failed to comply with the terms herein.

INFORMATION FROM SUCCESSFUL BIDDER

The successful bidder will be required to provide, in a timely manner, certain information relating to the initial offering price of the Bonds necessary to compute the yield on the Bonds pursuant to the provisions of the Internal Revenue Code of 1986, as amended.

OFFICIAL STATEMENT

By awarding the Bonds to any underwriter or underwriting syndicate submitting a Proposal therefor, the City agrees that, no more than seven business days after the date of such award, it shall provide to the senior managing underwriter of the syndicate to which the Bonds are awarded, the Final Official Statement in an electronic format as prescribed by the Municipal Securities Rulemaking Board (MSRB).

FULL CONTINUING DISCLOSURE UNDERTAKING

The City will covenant in the resolution awarding the sale of the Bonds and in a Continuing Disclosure Undertaking to provide, or cause to be provided, annual financial information, including audited financial statements of the City, and notices of certain material events, as required by SEC Rule 15c2-12.

NO BANK QUALIFICATION

The City will not designate the Bonds as qualified tax-exempt obligations for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

BOND INSURANCE AT UNDERWRITER'S OPTION

If the Bonds qualify for issuance of any policy of municipal bond insurance or commitment therefor at the option of the successful bidder, the purchase of any such insurance policy or the issuance of any such commitment shall be at the sole option and expense of the successful bidder of the Bonds. Any increase in the costs of issuance of the Bonds resulting from such purchase of insurance shall be paid by the successful bidder, except that, if the City has requested and received a rating on the Bonds from a rating agency, the City will pay that rating fee. Any other rating agency fees shall be the responsibility of the successful bidder. Failure of the municipal bond insurer to issue the policy after the Bonds have been awarded to the successful bidder shall not constitute cause for failure or refusal by the successful bidder to accept delivery on the Bonds.

The City reserves the right to reject any and all Proposals, to waive informalities and to adjourn the sale.

(b) "Public" means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

A copy of the pricing wire or equivalent communication for the Bonds is attached to this certificate as Schedule B.

(b) As set forth in the Notice of Sale and bid award, the Underwriter has agreed in writing that, (i) for each Maturity of the Bonds, it would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the "hold-the-offering-price rule"), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any retail distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail distribution agreement, to comply with the hold-the-offering-price rule. (b) "Maturity" means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

Authority

The Bonds will be issued pursuant to the authority of Minnesota Statutes, Chapter 475 and City Charter Section 5.16.

Under the City’s Charter, Section 5.16, the City may borrow money for such purposes, in such manner, and to such extent as permitted by the Laws of the State of Minnesota. Whenever said laws require prior approval of the electors for any borrowing by the City, such approval shall not be required provided, the City Council adopts a resolution by a vote of at least three-fourths (3/4) of all its members determining to undertake such borrowing and unless within ten (10) days after the second publication of such Resolution, which must be published twice, a week apart, in the official newspaper of the City, a petition signed by voters of the City equaling not less than 5 percent of the number voting in the last general election held in the City, shall be filed with the City Clerk requesting an election. The Resolution was published on February 1, 2024 and February 8, 2024. The Resolution was subsequently adopted on February 20, 2024.

Structure

The Arena Portion, Street Improvement Portion and City Hall Portions of the Bonds have been structured over 10 years, with relatively level annual debt service payments beginning on February 1, 2026. The Revenue Portions have been structured over 10 years, with relatively level annual debt service payments beginning on February 1, 2025.

The proposed structure for the bond issue and preliminary debt service projections for each portion of the issue are illustrated in Attachment 1 and the estimated levies are illustrated in Attachment 2.

Security and Source of Repayment

The Bonds will be general obligations of the City. The finance plan relies on the following assumptions for the revenues used to pay debt service, as provided by City staff:

- Special Assessments. Although not pledged as security to the Bonds, the City is expected to levy special assessments against benefited properties in the amount of \$1,114,650 for the Improvement Portion of the Bonds. The assessments are structured for level annual payments of principal with interest charged at a rate that is 1.50% over the True Interest Cost of the Improvement Portion of the Bonds (currently estimated to be 4.65%). The assessments will be levied in 2024 for first payment in 2025.
- Utility Revenues. Although not pledged as security to the Bonds, the City anticipates using net revenues of the City's water, sewer and storm water utilities (operating funds) for payment of the respective portions of the Revenue Portions of the Bonds. The City will adopt water, sewer and storm water rates and charges that are sufficient to produce net revenues equal to at least 105% of the debt service requirements on the Revenue Portion of the Bonds.
- Property Taxes. The remaining revenues needed to pay debt service on the Bonds are expected to come from property tax levies. The initial projections show a tax levy of approximately \$903,905 needed to produce the statutory requirement of 105% of debt service, after accounting for assessments and utility revenues. The levy may be adjusted annually based on actual special assessment collections and additional monies in the debt service fund. The initial tax levy will be made in 2024 for taxes payable in 2025.

Given the timing of the initial revenue from the tax levy and special assessments the structure includes capitalized interest for the Ice Arena, Street Improvement, and City Hall Improvement Portions of the Bonds to cover the first interest payment due on February 1, 2025, before the first tax collections are received. Funds from the City's Water, Sewer and Storm Water Utilities will also be used to cover the first principal and interest payment due on February 1, 2025.

Plan Rationale

The Finance Plan recommended in this report is based on a variety of factors and information provided by the City related to the financed project and City objectives, Northland's knowledge of the City and our experience in working with similar cities and projects. The issuance of General Obligation Charter Bonds provides the best means of achieving the City's objectives and cost-effective financing. The City has successfully issued and managed this type of debt for previous projects.

Issuing Process

Northland will receive bids to purchase the Bonds on Monday, March 18, 2024 at 10:00 AM. Market conditions and the marketability of the Bonds support issuance through a competitive sale. This process has been chosen as it is intended to produce the lowest combination of interest expense and underwriting expense on the date and time set to receive bids. The calendar of events for the issuing process can be found in Attachment 4.

Attachment 3 – Related Considerations

Not Bank Qualified

We understand the City (in combination with any subordinate taxing jurisdictions or debt issued in the City's name by 501(c)3 corporations) anticipates issuing more than \$10,000,000 in tax-exempt debt during this calendar year. Therefore, the Bonds will not be designated as "bank qualified" obligations pursuant to Federal Tax Law.

Arbitrage Compliance

Project/Construction Fund. All tax-exempt bond issues are subject to federal rebate requirements which require all arbitrage earned to be rebated to the U.S. Treasury. A rebate exemption the City expects to qualify for is the "24-month exemption."

Debt Service Fund. The City must maintain a bona fide debt service fund for the Bonds or be subject to yield restriction in the debt service fund. A bona fide debt service fund involves an equal matching of revenues to debt service expense with a balance forward permitted equal to the greater of the investment earnings in the fund during that year or 1/12 of the debt service of that year.

The City should become familiar with the various Arbitrage Compliance requirements for this bond issue. The Resolution for the Bonds prepared by Bond Counsel explains the requirements in greater detail.

Continuing Disclosure

Type: Full

Dissemination Agent: Northland Securities

The requirements for continuing disclosure are governed by SEC Rule 15c2-12. The primary requirements of Rule 15c2-12 actually fall on underwriters. The Rule sets forth due diligence needed prior to the underwriter's purchase of municipal securities. Part of this requirement is obtaining commitment from the issuer to provide continuing disclosure. The document describing the continuing disclosure commitments (the "Undertaking") is contained in the Official Statement that will be prepared to offer the Bonds to investors.

The City has more than \$10,000,000 of outstanding debt and is required to undertake "full" continuing disclosure. Full disclosure requires annual posting of the audit and a separate continuing disclosure report, as well as the reporting of certain "material events." Material events set forth in the Rule, including, but not limited to, bond rating changes, call notices, and issuance of "financial obligations" (such as USDA loans, Public Finance Authority loans and lease agreements) must be reported within ten days of occurrence. Northland currently serves as dissemination agent for the City. We will assist with getting your annual report filed in compliance with full continuing disclosure regulations.

Premiums

In the current market environment, it is likely that bids received from underwriters will include premiums. A premium bid occurs when the purchaser pays the City an amount in excess of the par amount of a maturity in exchange for a higher coupon (interest rate). The use of premiums reflects the bidder's view on future market conditions, tax considerations for investors and other factors. Ultimately, the true interest cost ("TIC") calculation will determine the lowest bid, regardless of premium.

A premium bid produces additional funds that can be used in several ways:

- The premium means that the City needs less bond proceeds and can reduce the size of the issue by the amount of the premium.
- The premium can be deposited in the Construction Fund and used to pay additional project costs, rather than used to reduce the size of the issue.
- The premium can be deposited in the Debt Service Fund and used to pay principal and interest.

Northland will work with City staff prior to the sale day to determine use of premium (if any). A consideration for use of premium is the bank qualification of the Bonds.

Rating

A rating will be requested from S&P. The City's general obligation debt is currently rated "AA+" by S&P. The rating process will include a conference call with the rating analyst from S&P. Northland will assist City staff in preparing for and conducting the rating calls.

Note to Calendar:

1. City Charter, Section 5.16, Borrowing, states: The City may borrow money for such purposes, in such manner, and to such extent as permitted by the Laws of the State of Minnesota. Whenever said laws require prior approval of the electors for any borrowing by the City, such approval shall not be required provided, the City Council adopts a resolution by a vote of at least three-fourths (3/4) of all its members determining to undertake such borrowing and unless within ten (10) days after the second publication of such Resolution, which must be published twice, a week apart, in the official newspaper of the City, a petition signed by voters of the City equaling not less than 5 percent of the number voting in the last general election held in the City, shall be filed with the City Clerk requesting an election.

Attachment 5 - Risk Factors

Property Taxes: Property tax levies shown in this Finance Plan are based on projected debt service and other revenues. Final levies will be set based on the results of sale. Levies should be reviewed annually and adjusted as needed. The debt service levy must be included in the preliminary levy for annual Truth in Taxation hearings. Future Legislative changes in the property tax system, including the imposition of levy limits and changes in calculation of property values, would affect plans for payment of debt service. Delinquent payment of property taxes would reduce revenues available to pay debt service.

Special Assessments: Special assessments for the financed projects have not been levied at this time. This Finance Plan is based on the assumptions listed earlier in this report. Changes in the terms and timing for the actual assessments will alter the projected flow of funds for payment of debt service on the Improvement Portion of the Bonds. Also, special assessments may be prepaid. It is likely that the income earned on the investment of prepaid assessments will be less than the interest paid if the assessments remained outstanding. Delinquencies in assessment collections would reduce revenues needed to pay debt service. The collection of deferred assessments, if any, has not been included in the revenue projections. Projected assessment income should be reviewed annually and adjusted as needed.

Utility Revenues: The City anticipates using the net revenues of the water, sewer and storm water utilities to the payment of principal and interest on the Revenue Portion of the Bonds. The failure to adjust rates and charges as needed and the loss of significant customers will affect available net revenues. If the net revenues are insufficient, the City is required to levy property taxes or use other revenues to cover the deficiency. Property taxes can only be used on a temporary basis and may not be an ongoing source of revenue to pay debt service.

General: In addition to the risks described above, there are certain general risks associated with the issuance of bonds. These risks include, but are not limited to:

- Failure to comply with covenants in bond resolution.
- Failure to comply with Undertaking for continuing disclosure.
- Failure to comply with IRS regulations, including regulations related to use of the proceeds and arbitrage/rebate. The IRS regulations govern the ability of the City to issue its bonds as tax-exempt securities and failure to comply with the IRS regulations may lead to loss of tax-exemption.

CONFLICTS OF INTEREST

Northland, as your Municipal Advisor, mitigates conflicts through its adherence to its fiduciary duty to the Client, which includes a duty of loyalty to the Client in performing all municipal advisory activities for the Client. This duty of loyalty obligates Northland to deal honestly and with the utmost good faith with the Client and to act in the Client's best interests without regard to our own financial or other interests. In addition, because Northland is a broker-dealer with significant capital due to the nature of its overall business, the success and profitability of Northland is not dependent on maximizing short-term revenue generated from individualized recommendations to its clients but instead is dependent on long-term profitability built on a foundation of integrity, quality of service and strict adherence to its fiduciary duty. Furthermore, Northland's municipal advisory supervisory structure leverages our long-standing and comprehensive broker-dealer supervisory processes and practices, and provides strong safeguards against individual representatives of Northland potentially departing from our regulatory duties due to personal interests. The disclosures below describe, as applicable, any additional mitigations that may be relevant with respect to any specific conflict disclosed below.

Northland serves a wide variety of other clients that may from time to time have interests that could have a direct or indirect impact on the interests of the Client. For example, Northland serves as Municipal Advisor to other Municipal Advisory clients and, in such cases, owes a regulatory duty to such other clients just as it does to the Client under this Agreement. These other clients may, from time to time and depending on the specific circumstances, have competing interests, such as accessing the new issue market with the most advantageous timing and with limited competition at the time of the offering. In acting in the interests of its various clients, Northland could potentially face a conflict of interest arising from these competing client interests. In other cases, as a broker-dealer that engages in underwritings of new issuances of municipal securities by other municipal entities, the interests of Northland to achieve a successful and profitable underwriting for its municipal entity underwriting clients could potentially constitute a conflict of interest if, as in the example above, the municipal entities that Northland serves as underwriter or municipal advisor have competing interests in seeking to access the new issue market with the most advantageous timing and with limited competition at the time of the offering. However, none of these other engagements or relationships would impair Northland's ability to fulfill its regulatory duties to the Client.

The compensation for services provided in this Agreement is customary in the municipal securities market, however, it may pose a conflict of interest. The fees due under this Agreement are in a fixed amount established at the outset of the Agreement. The amount is usually based upon an analysis by Client and Northland of, among other things, the expected duration and complexity of the transaction and the Scope of Services to be performed by Northland. This form of compensation presents a

potential conflict of interest because, if the transaction requires more work than originally contemplated, Northland may suffer a loss. Thus, Northland may recommend less time-consuming alternatives, or fail to do a thorough analysis of alternatives. This conflict of interest is mitigated by supervisory policies and procedures to ensure the scope of services within the transaction align with other comparable engagements. By executing this Agreement, the Client acknowledges and accepts the potential conflicts of interest posed by the compensation to Northland. Northland does not participate in any payments to be retained, nor participate in any fee splitting agreements or arrangements.

Northland is a broker-dealer that engages in a broad range of securities-related activities to service its clients, in addition to serving as a Municipal Advisor or Underwriter. Such securities-related activities, which may include but are not limited to the buying and selling of outstanding securities, including securities of the Client, may be undertaken on behalf of, or as counterparty to, the Client, and current or potential investors in the securities of the Client. These other Northland clients may, from time to time and depending on the specific circumstances, have interests in conflict with those of the Client, such as when their buying or selling of the Client's securities may have an adverse effect on the market for the Client's securities. However, any potential conflict arising from Northland effecting or otherwise assisting such other clients in connection with such transactions is mitigated by means of such activities being engaged in on customary terms through other business units of Northland that operate independently from Northland's Municipal Advisory business, thereby reducing or eliminating the likelihood that the interests of such other clients would have an impact on the services provided by Northland to the Client under this Agreement. Northland has policies and procedures in place to ensure that Northland as a broker-dealer or its affiliates are not participating in bidding or determining market prices for the Client's transaction that is covered under this Agreement.

Northland Trust Services, Inc. is a subsidiary of Northland Capital Holdings, Inc. Northland Trust Services provides paying agent services to issuers of municipal bonds. The Client is solely responsible for the decision on the source of paying agent services. Any engagement of Northland Trust Services

is outside the scope of this Agreement. No compensation paid to Northland Trust Services is shared with Northland Securities.

Northland is not aware of any additional material conflicts of interest that could reasonably be anticipated to impair Northland’s ability to provide advice to or on behalf of the Client in accordance with the standards of conduct for municipal advisors.
