

City Council Memorandum

To: Mayor Fasbender & City Council Members

From: Ryan Stempski – Public Works Director/City Engineer

Date: February 1, 2023

Item: Accept Feasibility & Assessments Report, and Order Public Hearings for Project Scope and for

Assessments – 2023 Neighborhood Infrastructure Improvements

Council Action Requested:

Enclosed for Council consideration is a resolution accepting the Feasibility & Assessments Report, ordering public hearings, and declaring the amount to be assessed for the proposed 2023 Neighborhood Infrastructure Improvements project.

Background Information:

The 2023 Neighborhood Infrastructure Improvements project includes a variety of improvements on a total of 6 City Streets. A map of the project identifying streets to be reconstructed or reclaimed is included in the attached Feasibility and Assessments Report.

A complete reconstruction of the street would include replacement of base material, new pavement, and new curb and gutter. Also included is sanitary sewer main replacement, replacement of the water main, replacement of sanitary sewer and water services, pedestrian ramp improvements, paved trail construction, storm sewer extensions, repairs and replacements, and localized improvements to concrete sidewalk. The streets to be reconstructed are:

- Pleasant Drive 15th Street W to Vermillion River Bridge
- Old Bridge Lane Northridge Drive to Pleasant Drive

A reclaim would involve grinding up and recycling the existing pavement and gravel of the street to make a new base, followed by spot replacements of concrete curb and gutter and new pavement. Also included in the reclaim improvements are rehabilitation of water system valves, sanitary sewer trenchless CIPP lining, localized storm sewer extensions, repairs and replacements, pedestrian ramp improvements, and a paved trail extension along Southview Drive where there is currently a gap in the system. The streets to be reclaimed are:

- Pleasant Drive CSAH 46 to Vermillion River Bridge
- Southview Drive Pleasant Drive to Westview Dr
- Southview Place Southview Drive to end
- Ridgewood Court Pleasant Drive to end
- **18**th **Court** Pleasant Drive to end

A public hearing on the scope and features for the 2023 Neighborhood Infrastructure Improvements project will be held on March 6th, with an assessment hearing for this project being held on April 3rd.

Financial Impact:

The project has a total estimated cost of \$4,200,000, including design and other project delivery overhead costs. Street, storm sewer, and surface restoration costs estimated at \$3,250,000 will be funded primarily through bonded debt and special assessments to benefitting properties. Sanitary sewer and water system costs will be funded by Utility Revenue Bonds in the estimated amount of \$950,000. Please note that these sanitary sewer and water system costs are not included in the attached Resolution as they are not included in the special assessments (Minnesota Statutes Chapter 429). The project continues to track closely with the City's approved funding parameters for 2023.

Council Committee Discussion:

Staff met with the Operations Committee on January 12, 2023, to discuss the recommended project scope and proposed assessment amounts. The Committee was supportive of the project recommendations and directed Staff to obtain feedback from the residents. A notice was mailed to each property owner to make them aware of the project website that includes a presentation and additional resources. The property owners were strongly encouraged to visit and view the website and to call and set up one-on-one meetings with Engineering Staff to provide their comments and ask questions. To date we have connected with 24 of 72 individual property owners via these meetings, phone calls, mail-in surveys, and an online survey which is approximately 33% of the properties in the project area. There has been general support from the discussions we've had during the public outreach period for the proposed improvements as recommended in the Feasibility & Assessments Report.

The Council will be provided a fully detailed report and presentation on all design features, neighborhood feedback, cost and funding mix, project construction timelines, and project communications in a memo preceding the March 6th City Council Meeting.
